

Impact Hammered Edge Pull – Satin Brass Matte Lacquer

Product reference

Use the SKU and selection below when saving this product to a project. Follow the product link for current pricing and availability.

Dimensions

Available in the following sizes: 2" (1" C-C)

4" (2" C-C)

Projection: 1 1/2"

Height of the front edge lip: 9/16"

Height of the back: 1" (where it attaches to the cabinet)

Thickness: 1/8"

This means you need minimum 1/8" clearance above or beside the cabinet door or drawer that the edge pull will be installed on.

Note the pull attaches to the back of the cabinet door or drawer front with wood screws

Wood screws are provided with all orders

Pre-drilling screw holes is absolutely required for proper installation

What's included

One edge pull and 2 wood screws
